Subject: Thank You

Mayor Mahan and honorable members of the Santa Clara City Council,

On behalf of the Santa Clara community and the 49ers faithful, thank you for voting to accept the stadium feasibility study and move forward with negotiations with the team.

A new stadium will be a positive addition to the city's entertainment district and will generate a significant boost to the Santa Clara economy. Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Anthony Fregger

Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Ezau Caldera

Subject: Thank You

Mayor Mahan and honorable members of the Santa Clara City Council,

On behalf of the Santa Clara community and the 49ers faithful, thank you for voting to accept the stadium feasibility study and move forward with negotiations with the team.

A new stadium will be a positive addition to the city's entertainment district and will generate a significant boost to the Santa Clara economy. Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Dennis Roberts

On behalf of the Santa Clara community and the 49ers faithful, thank you for voting to accept the stadium feasibility study and move forward with negotiations with the team.

A new stadium will be a positive addition to the city's entertainment district and will generate a significant boost to the Santa Clara economy. Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Hondy Chrisoulis

Subject: Street Repairs

The following has sent a message:
Name: Gene Pashby
Email: genepashby@yahoo.com
Comments: I have a lake in my driveway gutter that is 49 inches accross and 4 inches deep. This is caused by a city tree roots pushing up the side walk, curb and gutter. The street department has sent out two inspectors to look at it and both say "It needs to be repaired but the street department has no money." My question is how can we come up with millions of dollars for a 49er stadium but can`t fix our streets?

Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Charlene O'Leary

Mayor Mahan and honorable members of the Santa Clara City Council,

On behalf of the Santa Clara community and the 49ers faithful, thank you for voting to accept the stadium feasibility study and move forward with negotiations with the team.

A new stadium will be a positive addition to the city's entertainment district and will generate a significant boost to the Santa Clara economy. Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,

Mayor Mahan and honorable members of the Santa Clara City Council,

On behalf of the Santa Clara community and the 49ers faithful, thank you for voting to accept the stadium feasibility study and move forward with negotiations with the team.

A new stadium will be a positive addition to the city's entertainment district and will generate a significant boost to the Santa Clara economy. Independent economic impact studies confirm that a new stadium would generate hundreds of new jobs, millions of dollars in annual economic impact, hundreds of thousands of dollars in new annual tax revenue and millions for Santa Clara Unified School District. Hosting a Super Bowl in Santa Clara would bring hundreds of millions in additional economic impact and will shine a spotlight on Santa Clara and the entire Silicon Valley.

The 49ers proposal calls for no money out of our pocket -- no new taxes for local residents, no negative impact on Santa Clara's general fund, and no increase in utility rates. This project is good for the city and good for the region.

Respectfully,
Ernie Konnyu
