TERMS AND CONDITIONS OF SERVICE AGREEMENT

TERM. Customer grants to Contractor the exclusive right to collect and dispose of all Customer's waste materials as warranted below (including recyclables) for an initial term of three years from the effective service date. The term of this Agreement shall be automatically renewed for like terms thereafter unless either party shall give written notice of termination by certified mail to the other at least sixty days prior to the termination of the initial term or any renewal term. In the event Customer terminates this Agreement other than as provided above or Contractor terminates this Agreement for Customer's non-payment, Customer shall pay to Contractor as liquidated damages a sum calculated as follows: (1) if the remaining term under this Agreement is six or more months, Customer shall pay its most recent monthly charge multiplied by six; or (2) if the remaining term under this Agreement is less than six months, Customer shall pay its most recent monthly charge multiplied by the number of months remaining in the term.

WASTE MATERIALS. Customer warrants that the waste materials delivered to Contractor hereunder will not contain any hazardous, toxic or radioactive wastes or substances as defined by applicable federal, state, local or provincial laws or regulations. Materials delivered to Contractor hereunder will not contain any special waste, as so defined, unless and except as specifically described in "Generator's Waste Material Profile Sheet" attached hereto. Contractor shall acquire title to the waste materials when loaded into Contractor's vehicles; provided however, that title to and liability for the waste materials excluded from this agreement above shall remain with Customer, and Customer agrees to indemnify, defend and hold harmless Contractor against all claims, damages, suits, penalties, fines and liabilities for injury or death to persons or loss or damage to property or the environment arising out of breach of the warranty stated above. The warranties and indemnities contained herein shall survive the termination of this agreement.

DEFINITION OF EQUIPMENT. The term "equipment" as used herein shall mean all equipment furnished by contractor in providing the services as specified on the face of this agreement. All equipment furnished by Contractor, which Customer has not purchased, shall remain the property of Contractor and Customer shall have no right, title or interest in the equipment.

CUSTOMER'S RESPONSIBILITY FOR EQUIPMENT. Customer shall be responsible for all loss or damage to the equipment, other than normal wear and tear and except for loss or damage resulting from Contractor's handling of the equipment when providing its services hereunder. Customer shall not overload or move the equipment, or make any alterations or improvements to the equipment and shall use the equipment only for the proper purposes for which it is intended. Customer agrees to indemnify, defend and hold harmless Contractor against all claims, damages, suits, penalties, fines and liabilities for injury or death to persons or loss or damage to property arising out of Customer's use, operation or possession of the equipment. On collection day, Customer shall provide unobstructed access to the equipment. If the equipment is inaccessible, Customer will be notified and any additional collection service or attempts to provide such service shall be charged as an "extra pick-up".

CHARGES AND PAYMENT. Customer shall pay Contractor for the services provided by Contractor in accordance with the Schedule of Charges shown on the face of this agreement. Customer shall be liable for all taxes, fees or other charges imposed upon the disposal of Customer's waste materials by federal, state, local or provincial laws and regulations. Payment shall be made by Customer within ten (10) days after receipt of an invoice from Contractor. In the event that any payment is not made when due, Contractor, at its sole option, may, at any time, terminate this agreement on notice to Customer and recover any equipment on the premises of Customer. Contractor may impose, and Customer agrees to pay, a late fee not to exceed the maximum rate allowed by applicable law for all past due payments.

DISPOSAL AND FUEL COST INCREASES. Since disposal charges and fuel costs are a significant portion of the cost of Contractor's services provided hereunder, Contractor may increase the unit price of the Schedule of Charges in an amount equal to any equivalent unit increase in disposal or fuel costs.

OTHER ADJUSTMENTS TO SCHEDULE OF CHARGES. The Schedule of Charges may be adjusted from time to time to reflect increases in the Consumer Price Index since the last adjustment (or since the date of execution of this agreement for the first adjustment). The Schedule of Charges may be adjusted for reasons other than increases in disposal or fuel costs or the Consumer Price Index, subject to approval by Customer.

PAVEMENT DAMAGE. Contractor shall not be responsible for damage to Customer's pavement or other driving surface resulting from the weight of Contractor's vehicles servicing the equipment location designated by Customer.

CHANGES. Changes in the Schedule of Charges, frequency of collection service, number, capacity and type of equipment may be agreed to orally or in writing, by the parties. Consent to oral changes shall be evidenced by the action and practices of the parties.

ATTORNEY'S FEES. In the event of a breach of this agreement by either party, the breaching party shall pay all reasonable attorneys' fees, collection fees and costs of the other party incident to any action brought to enforce this agreement.

ASSIGNMENT AND BENEFIT. This agreement shall be binding on the parties and their successors and assigns

RELOCATION. In the event the Customer moves within Contractor's trading area, Contractor will move the trash container to Customer's new address and contract will continue to be in force.

RIGHT TO COMPETE. Customer grants to Contractor the right to compete with any hauler which Customer receives (or intends to make) relating to the provision of nonhazardous waste collection and disposal services upon the termination of this Agreement for any reason and agrees to give Contractor written notice of any such offer and a reasonable opportunity to respond to it.

MISCELLANEOUS. If any conflict or differences exist in this agreement between terms which are printed and those which are typed or written the typed or written language shall govern.
