City Clerk's Office
City of Santa Clara

Mayor Mahan and honorable members of the Santa Clara City Council,

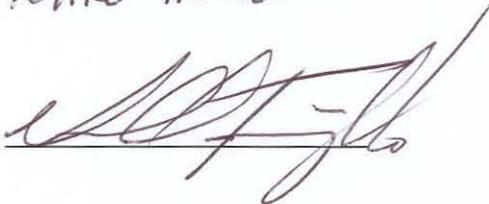

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

- The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
- A new stadium would provide a significant boost to the local economy.
- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

MIKE TRUSILO

Dear Mayor Mahan and City Council members:

I support the proposed stadium at Great America. More important, I support the careful and thoughtful approach the Council and staff have taken to determine the economic viability of the project. I would also support any reasonable additional funds that may be required to study the project..

I have lived and worked in Santa Clara for over 50 years and have observed our City grow and prosper, largely due to the wisdom and foresight of previous councils and administrations. I am hopeful this Council and Staff will find a way for Santa Clara to be one of 33 cities in America to be the home of an NFL franchise

Once the process has been completed, I look forward to a thorough public discussion of all aspects of the project.

Subject: Increased \$\$ for 49ers Feasibility Study

Hello,

I just read that you are considering increasing the current cost of the feasibility study from \$200K to 500K.

This is ridiculous.

Santa Clara has so much need for other, more important things like our supposed Rivermark library, more police resources, etc. This football stadium should be the least priority for our funds.

Please consider the opinions of your residents (and voters) and end this ridiculous stadium proposal now.

Thank you

Brian Chang

Mayor Mahan and City Council Members:

I support the expenditure of additional funds to continue the feasibility study for the 49er Stadium Proposal in Santa Clara. I understand the complexity of the proposal you are reviewing and the importance of doing a comprehensive and diligent study of all the issues before making a decision on this very important project for the City of Santa Clara.

I appreciate the hard work and dedication you've put forward towards this project. I believe it is in the overall best interests of the City to have all the facts available to the Council and the public when the time comes to make the final decision.

Sincerely,

Jerry Marsalli

Carol McCarthy - Fwd: 49ers Stadium

From: Kim Fattahoglu *ronortt@yahoo.com*
To: Carol McCarthy
Date: 10/9/2007 9:24 AM
Subject: Fwd: 49ers Stadium
Attachments: 49ers Stadium

There is absolutely no way any public money should be used to help the 49ers build their new stadium. The owners of the team are billionaires. They can easily afford the cost of building the stadium themselves without any public help. Afterall, if I want to build something, I pay for 100% of the cost myself. The 49ers should be no different. Look at the Giants. Not one dime of public money was used to build their stadium (AT&T Park). The Giants are a sports team. The 49ers are a sports team. If the Giants can build a stadium without public money, why can't the 49ers do the same? Are they any better than the Giants? I don't think so.

If you should ultimately decide to use public money for the 49ers, we shall fight you every step of the way. It makes no sense to subsidize a sports team controlled by billionaires.

Subject: Fwd: Economic Impact of Stadium Proposal
Attachments: Economic Impact of Stadium Proposal

After reading the economic impact report on the proposed 49er's stadium, I honestly do not see why you are still considering it. A Business Park at the proposed location makes so much more sense. The development will generate almost FIVE TIMES the income to the city than a stadium would! It will create 3,000 jobs as opposed to 80 for the stadium! The surrounding area will also benefit from the workers who will patronize its establishments. This translates to increased tax dollars for the city. A new stadium WILL NOT do this. Lastly and most importantly, THE BUSINESS PARK WILL NOT INVOLVE ANY PUBLIC MONEY. THE STADIUM HOWEVER WILL REQUIRE A 200 MILLION DOLLAR SUBSIDY FROM THE CITY! The stadium makes absolutely no sense at all. Add to this the opposition of Great America Amusement Park to the stadium anywhere near them, and you should be able to see that it is sheer stupidity to continue in the quest for a 49er's stadium in Santa Clara.

I'm willing to listen to you also though, so I challenge you to give me a valid reason for building a football stadium instead of a Business Park at the proposed site. You can reach me at ronortt@yahoo.com. I'll be awaiting your reply.

Thank You.

I'm a senior citizen & long time resident of Santa Clara (of almost 50 years) who can not attend your next council meeting, but wish to express my feelings about the stadium on which you wish to spend the citizens' money. I believe it is a blatant waste of funds & if the billionaires want the stadium, let them pay for all the cost since they're the ones that would benefit from it, and that includes the increased cost of police & other services. I'm part of a large group of voters that are watching what the council does regarding this matter.

Thank you for taking the time to read this e-mail.

Sincerely,

Nina Burgess

Subject: Please drop the project to build a stadium for the 49ers

CC: Henry Cate <cate3@panix.com>

I don't want my tax dollars used to build a stadium for the 49ers.

With the recent down turn in the economy we should be frugal. Things might get worse before they get better.

Please drop the project to build a stadium for the 49ers.

Thank you for your consideration.

Received a call from resident Noelle Tardieu regarding the 49er proposed stadium. She would like to suggest that money be spent for a new post office versus a new stadium. Ms. Tardieu said there is not enough parking at the main post office and that the City of Campbell built a new post office with grants funded by the city.

Ms. Tardieu would like a call back on this matter.

Ok, what high finance minister can explain to me how the 49ers can all of a sudden afford to plunk down about \$114M on Great America when they were begging the City of Santa Clara for \$222M? Is this the biggest sucker punch in sports finance history? Now I really can't believe Santa Clara residents would vote for a stadium deal as it now stands. Also, with the looming lower middle class recession, Santa Clara won't even be able to afford \$100M let alone \$222M. City services will cease to exist except for those 10 games a year. The joint will start looking like... Hunters Point.

Carol McCarthy - Fwd: Stadium Project

From: Kim Fettahtoglu *gtpubs@hotmail.com*
To: Carol McCarthy
Date: 10/10/2007 1:20 PM
Subject: Fwd: Stadium Project
Attachments: Stadium Project

I understand that the city council is considering a request to spend an additional \$185,000 in public money to continue to study the San Francisco 49ers' stadium subsidy proposal. This new request will bring the total to an even \$500,000.

And that doesn't even include all of the staff time that has also been spent on this proposal.

As a long time Santa Clara resident, I am writing to protest the use of public money for this study and for this project.

I want the city government to start focusing on the residents and their needs instead of bowing to kiss the ring of the 49'ers.

The residents who will ultimately be called upon to pay for this project cannot afford it and do not want it. The idea that the 49'ers are adding the purchase of the entire Great America Park to the deal is completely absurd. Running an amusement park is outside the scope of their core business and core business skills., even if it were for sale (and I do not think it is). Are we now headed toward a hostile take over of the amusement park?

What will your legacy be? So far, it appears to me to be self-serving, somewhat corrupt, and does not take into account the needs or desires of the people you were elected to serve.

Best regards, Gail Tiberi

Jennifer:

Unfortunately I could not attend the subject meeting for several reasons but I did watch most of the proceedings on TV and was just amazed at the effrontery of one particular man who constantly derided the council (and the mayor) for being 'Jokers!' I commend our Mayor for not 'losing her cool' and treating that guy with cool self control. (I think he must have been weaned on a dill pickle!) Also, I am a supporter of the 49er stadium and hope that it comes to fruition. Sometimes we just have to 'try for the gold' and hope that it all works out OK. I have a lot of confidence in you and the people running Santa Clara and have enjoyed living here for over 50 years now. Your bringing in the new library on Homestead 'on time and under budget' helped to build my confidence.

Keep up the good work and don't let the occasional naysayer deter you from your course!

Dear Mayor and Council:

After following your Tuesday night council meeting on TV I just have to commend you Patricia, and the council, for agreeing to the feasibility study for the 49er stadium and for keeping your cool when that certain individual so vehemently attacked our mayor and council on this subject. He was certainly 'out of line' and all you people earned more of my continued respect for listening to his raving in a calm manner and then proceeding with your meeting. My only thought at the time was that he must have been weaned on a sour pickle!

Keep up the effort on the stadium as it may very well turn out to be one of the best investments our city has ever made. Lots of changes coming up all the time but keep your focus!

Thanks for listening,
Chuck Roberts (Santa Clara resident for 57 years)

Hello this is Gabriel Ibarra, I have been a resident of Santa Clara all my life (51years) I would like to state that considering spending more money to pursue the possibility to build a stadium in Santa Clara is not in the best interest of the general public. When a project is so huge and involves so much resources it is best to put it to a public vote as soon as possible. Lets play fair - no oh we spent so much money we have to build the stadium, gosh sorry about the traffic congestion, noise, pollution, extra money spent on cops, what ever. Are going to be known as the city of wannabee's The city with the 49'ers or the city who thought what was best for the general public! Get over the fact that we can't afford or should not get involved with a National Football league team. Would you not want to promote healthy living or do you want people just hanging out for 5 hours drinking, sitting and yelling or booing that is not 21st century thinking or behavior.

Not in my backyard

regards

Gabriel Ibarra

Carol McCarthy - Fwd: 49ers Can Pay For Their New Stadium Themselves

From: ~~Kim Fetta~~ *carywtucker@gmail.com*
To: Carol McCarthy; Jennifer Hardie; Rod Diridon Jr.
Date: 10/9/2007 5:27 PM
Subject: Fwd: 49ers Can Pay For Their New Stadium Themselves
Attachments: 49ers Can Pay For Their New Stadium Themselves

Dear Santa Clara City Council,

I will not be able to attend the City Council meeting tonight, but I would like to say that I am opposed to the City of Santa Clara subsidizing a new football stadium for the 49ers.

I do not object to the construction of a football stadium in Santa Clara per se, but I do have a serious problem with the city of Santa Clara spending large amounts of public money to subsidize a huge football stadium in which the 49ers will be playing less than twenty games a year.

If the 49ers want to build a new football stadium in Santa Clara, let them pay for it. I am not willing to pay higher property taxes or higher electrical bills to subsidize a football stadium for the 49ers.

If the City Council must continue to study the 49er stadium proposal, I would like to see the study focus much more on the environmental and economic impact of a new stadium and much less on subsidizing a new stadium.

Thank you.

Comments: Funding of Forty-Niners Feasibility Study

Some time back the City of Santa Clara entered into an obligation for a feasibility study of bring the 49'ers to Santa Clara. This feasibility study is a not a commitment to build a new stadium but to determine if the option is viable or not. The study is not to benefit the 49'ers, those in favor of it, or even those opposed to it .. It is a study on behalf of the City of Santa Clara and our residents for the next generations. The City of Santa Clara entered into this obligation and we bound by that obligation to complete the study and I for one am in favor of honoring that commitment and seeing the study completed regardless of the cost.

From: <wmkirk@earthlink.net>

Mayor Mahan

I have a great deal of respect for your keen ability to conduct council meetings with grace and determination. You have an outstanding record in your performance as a presider of these meetings.

Patricia, it is well deserved.

I have a request as a member of the public with some of my left eyesight impaired.

I do not appreciate Mr. Brian Darby waddling in front of those of us who are there to view the council in action while he is taking pictures. It is rude and I formally ask you and the city management to inform Mr. Darby that he violated my rights as a person with eyesight that is slightly impaired by standing in front of me and others. It is not fair and we want to view you and your colleagues, not only because you are all 7 people who are pleasant to the eye, but the veracity of your actions is linked to your body language, and we use that as a clue to the development of our issues with you.

Again, Mr. Darby needs to be told, as he is a non resident of the city, that those of us who are residents pay damn good money for our council chambers and also for the work you all do so well, and we want to see it happening and not his enormous posterior!

thank you.

James Rowen

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
patrick norman

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.

A new stadium would provide a significant boost to the local economy.

The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,
jose Sandoval
