

Statement of RAJ CHAHAL, Candidate for
Member, Santa Clara City Council, Seat 4

Occupation: Santa Clara Business Owner

Education and Qualifications:

MBA (Finance, Marketing), MS Physics

Dear Santa Clara, As a Santa Clara resident for 21 years, I am blessed to have raised a family, started a high tech business in Santa Clara, and given back to community. It has been a great ride and privilege to serve you on Planning Commission, Architecture Review Committee, MCCF, and Library Foundation. As a Boy Scouts Scoutmaster, school site council member, and President of Santa Clara Sister Cities, I have helped students develop leadership skills and become globally minded citizens. I would be honored to represent you on City Council.

I believe in smart, balanced, and controlled growth, which is harmonious with our existing neighborhoods. I worked hard with our community to get our Northside Library open and to save our Youth Soccer Parks. I am taking no corporate interest dollars in my campaign so you can always trust me to put residents first.

My education, values and experience have prepared me to make smart, analytical, independent, and financially pragmatic decisions for you. As Councilmember, I will inform, consult, and involve residents to improve city services, senior & youth services, and preserve neighborhood integrity. With your vote, I promise to bring resident power back on council. www.rajforsantaclara.com
