

Statement of **DEBORAH BRESS**, Candidate for
City Clerk, City of Santa Clara

Occupation: Project Manager

Education and Qualifications:

Santa Clara's City Clerk has a duty to push for honest, open & transparent government. I will stand up for the residents of Santa Clara, against special interests, and, if necessary, even other officials.

I will not look the other way. I will take on the tough questions and get answers with, and for, you.

I will make City Hall more approachable for our citizens. I will enforce the city's lobbyist ordinance & publicly call out any lobbyist in violation. I will stop inappropriate spending within the city at any level, 49ers-related & otherwise. I will publicly expose any irregularities and insist bad practices be stopped. I will make all information easy to obtain.

Your city clerk is required to be unbiased and to promote an open, transparent government that is efficient, effective and approachable. That's why I'm running, and that is what you deserve. I have decades of experience leading complex multi-million dollar projects in the private sector. I'll use my expertise to make city hall accountable and responsive to you, the residents.

Santa Clara is Your city--I respectfully ask for your vote.
