Reader's Guide

The purpose of this Reader's Guide is to make the City of Santa Clara 2018-19 Municipal Fee Schedule easier to review. The Reader's Guide highlights information contained in this document, defines terminology used in column headers, and briefly explains how voter approved Proposition 26 impacts the Schedule.

Fees, rates, and charges are intended to encompass all charges established by license, permit fees, utility charges, refuse collection and any other charges for goods and services and use of City-owned or operated facilities. Certain fees omitted from the Municipal Fee Schedule are published separately and noted on page V of this schedule. Such fees and charges published separately are unique because they are mandated by external agencies or because they receive special attention and review from City Council prior to adoption.

A comprehensive listing of the City's fees, rates, and charges, arranged in sections by department make up the City of Santa Clara Municipal Fee Schedule. During an annual review, each department recommends appropriate adjustments after considering the total costs to the City for each service provided. Costs include (1) personnel time (providing the service and collecting data), (2) equipment used, (3) material, service and supply costs, (4) department and City-wide overhead, and (5) any other costs that may be incurred that are directly related to the specific fees, rates or charges. Periodically, the City will contract with an outside consultant to perform a comprehensive review/study of fees. In 2016-17, NBS consulting firm completed the second phase of a comprehensive fee study.

Proposition 26

Proposition 26, passed by voters on November 2, 2010, is a constitutional amendment that introduces, for the first time, a definition of what constitutes a local tax:

As used in this section, "tax" means any levy, charge, or exaction of any kind imposed by a local government...

Under this definition, many requirements imposed by a local government that results in the local government receiving revenues are considered local taxes. This means that local government would need to obtain majority approval of the voters if the revenues are to be used for general governmental purpose and by two-thirds of voters if used for a specific purpose. In contrast, a fee may be adopted by a majority vote of City Council. There are seven (7) exceptions to this amendment under Proposition 26:

1. **Special Benefit or Privilege:** A charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.
2. **Government Service or Product:** A charge imposed for specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.
3. **Licenses and Permits:** A charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof.
4. **Local Government Property:** A charge imposed for entrance to or use of local government property, or the purchase, rental or lease of a local government property.
5. **Fines and Penalties:** A fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law.
6. **Property Development:** A charge imposed as a condition of property development.
7. **The Prop 218 Exception:** Provides that property assessment and property-related fees that are already subject to the approval requirements of Proposition 218 are not taxes. Common examples include water and sewer rates and special district assessments such as Landscape and Lighting District Act assessments.

All fees, rates, and charges have been reviewed by the City Attorney's Office and meet one or more of the exceptions to Proposition 26, or are not subject to Proposition 26.

City of Santa Clara Municipal Fee Schedule Column Descriptors

1. Description of Fee, Rate, or Charge: Identifies the nature of the fee, rate, or charge.
2. Current Fee and Period: Identifies the current cost associated with the fee, rate, or charge.

3. Charging Dept/Div: City Department responsible for initiating the fee, rate, or charge.

Collecting Dept/Div: City Department assigned to collect the fee, rate, or charge.

4. Date Fee Last Changed: The date the fee was last updated by ordinance and/or resolution.

5. Fee Detail:

Objective: The reasoning as to why the City collects the fee, rate, or charge. This schedule may identify one or more of the following classifications: (1) Recover Cost, (2) User Tax, (3) User Fee, (4) Penalty, (5) Compliance, and (6) Impact Development Fee.

Prop 26 Exception: Identifies exception classification for the fee, rate, or charge. The reader will see numbers 1-7, or a combination of 1-7, as some fees, rates, and charges fall under multiple classifications. N/A signifies the fee, rate, or charge is not a fee imposed exclusively by local government.

Full Cost: Summarizes both direct and indirect costs associated with the fee, rate, or charge. If no cost is provided, the basis for the charge is defined either by ordinance or resolution, calculated separately based on individual circumstances, or established by an outside entity.

6. Comments: Identifies special notes related to the specific fee, rate, or charge.

7. Proposed New or Revised Fee 2018-19: The recommended new or revised dollar amount for City Council review.

8. Percentage Change: The calculated percent change from the current 2017-18 fee and the proposed 2018-19 fee.

ENGINEERING DEPARTMENT

JUSTIFICATION FOR INCREASE IN FEES, RATES, AND CHARGES

NOTE 1: Fees, rates, and charges to recover costs for these types of Engineering services are proposed to be increased 6.27% above current fees, rates, and charges, consistent with the percentage increase in the CPI-U ending December 2017 for the San Francisco-Oakland-San Jose area. The proposed amounts have been rounded off and, therefore, the actual percentage increase may vary slightly.

NOTE 2: Fees, rates, and charges to recover costs for these types of fees/reimbursements for public improvements are proposed to be increased 3.5% above 2017-18 fees, rates, and charges, consistent with the percentage increase in the Construction Cost Index (December 2017) as published by the Engineering News-Record. The proposed amounts have been rounded off and, therefore, the actual percentage increase may vary slightly.

NOTE 3: Fees, rates, and charges to recover costs for Field Marking – Traffic Signal Engineering Services is equal to the Field Marking – Electric and Fiber which services are performed by the same Silicon Valley Power (SVP) field staff. Based on the 2016 SVP Fee Study plus CPI-U increases.

NOTE 4: Fees, rates, and charges that continue to be well below the full cost recovery are proposed to be increased by 25% (or more in some cases).

NOTE 5: City is required to charge a pro-rated sanitary sewer conveyance fee for accessory dwelling units per City Ordinance 1968. An accessory dwelling unit is equivalent to an apartment and will be charged a sanitary sewer conveyance fee equivalent to 62.9% of the sanitary sewer conveyance fee for a single family home. This 62.9% is based on the ratio of an apartment daily average discharge of 154 gallons per day (gpd) over a single family home daily average discharge of 245 gpd ($154 \text{ gpd}/245 \text{ gpd} = 0.629$).
