Community Garden Events

Improve Soil with Biochar

**Thursday, July 25, 2019 from 6:30 p.m. - 7:30 p.m.
Everett N. "Eddie" Souza Park Community Garden
2380 Monroe Ave, Santa Clara**

At this event you will learn how this charcoal-like substance or "Biochar" can mitigate climate change, improve soil quality and reduce waste. Cool Terra will bring free samples of their product to share with all whom attend. No items for purchase. This is for information only! RSVP's are appreciated. Children are welcome.

Find on Eventbrite: ["Improve Soil with Biochar"](#)

coolterra[®]

Participants will learn

- Fertilizer vs Biochar
- Carbon sequestration
- How to use biochar
