

Statement of **ROSEANN ALDERETE LACOURSIERE**, Candidate for
Member, Santa Clara City Council, Seat 5

Occupation: Santa Clara Businesswoman

Education and Qualifications:

Together, we can put Santa Clara first.

Our city is at a crossroads. Our city is currently focused on development and growth. I will provide reasonable balance by prioritizing neighborhoods. A stadium and development is part of our community, but not a greater priority than our residents.

My focus is to protect our City's history including our neighborhood assets. Leaders should look out for their residents, not themselves. We don't need to recycle politicians who look for the next contribution with every vote.

My story is a Santa Clara story: a 4th generation resident, raised a family with my husband, worked in private industry and local schools, and successfully operated a small business. Like my father, I led the Police Activities League (PAL) while working in youth activities all my life.

My experience as a Parks and Recreation Commissioner, PAL President, Santa Clara Women's Club Vice President, Santa Clara's Leadership Program graduate, and an active community volunteer has prepared me for the role of Councilmember.

I have the skills and knowledge to serve. I will always put Santa Clara first. Please join former Mayor and Councilmembers Patricia Mahan, Lisa Gillmor, Debi Davis and Kevin Moore in supporting my candidacy.
