My two decades of Community Leadership includes: two terms on the Civil Service Commission, where I worked to ensure fairness; the Library Foundation Board, where I fought to open a new library on the Northside and to improve the overall library system; and the District Bond Oversight Committee, where I made sure your money was being spent wisely.

My priorities as your Councilmember are to ensure: excellent City Services, outstanding public safety, balanced budgets and fiscal responsibility, low cost utilities, neighborhoods integrity, senior and youth services, and excellent recreation and park facilities. I will work to bring back a walkable downtown with small shops and restaurants. I will actively pursue bringing new businesses to Santa Clara such as a new Trader Joe's Market.
