

# Water Conservation Matching Game

Use the clues below to match a picture from the left with a picture from the right.

If you have leaky plumbing, fix it immediately! Leaks waste water

Sweep your sidewalk and driveway, don't waste water by hosing it off.

A important use of water is for firefighters to fight fires.

Most new dishwashers don't need for you to rinse the dishes first, just scrape food scraps into the trash.

If you use a hose in your garden, make sure it has a shut-off nozzle.

A refreshing glass of water from the faucet can cost up to \$10 a gallon less than bottled water.

Wash your car with biodegradable soap on the lawn and get two uses for the water at once!

When you wash laundry, only wash full loads.
