

Help us shape the future of **EL CAMINO REAL** **Right-of-Way**

The El Camino Real Specific Plan process commenced in January 2018, and in August the City presented multiple right-of-way alternatives for El Camino Real to the community for feedback.

At this community meeting, the City would like your input on the right-of-way alternatives including; **(1) Minor Modifications** (widen median, narrow traffic lanes, add landscaping, remove pork chop islands at intersections) and **(2) Minor Modifications AND the Removal On-Street Parking** to accommodate a protected bike lane.

Once completed, the El Camino Real Specific Plan will guide the transportation improvements for the corridor over the next 20- to 30-years.
