Parks & Recreation Department Event

Cover Crop Workshop—Part 2

@ the Second Sunday Garden Share

Sunday, Jan. 12, 2020 from 2- 3 p.m.

**Everett N. "Eddie" Souza Park & Community Garden
2380 Monroe Ave., Santa Clara**

Cover crops are planted in the fall to improve soil fertility and quality, control diseases and pests, manage soil erosion, suppress weeds, and promote biodiversity. Seeds were planted in October and are ready to be tilled into the soil. Come help and see how fun it is to chop the crop and dig in the dirt. This is a free, family-friendly event.

What to expect...

- Food, seeds & more at the Garden Share
- Where to buy cover crop
- Garden tours and volunteering opportunities

To RSVP or for information, call the Garden Coordinator at 408-615-3743
