

# Volunteer Work Day: Let's Make Compost

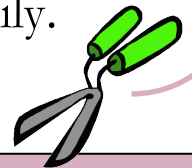

**Monday, Dec. 23, 2019 from 2–4p.m.**

**“Eddie” Souza Park | 2380 Monroe Street**

Never enter the new year with dirty laundry (or a messy garden). Come dressed ready to get dirty and help City staff rake the leaves, pull the weeds and chop them down to add to the ground. With a smile, we will turn the pile and see what happens to organic waste when it sits for a while. Garden volunteers will get to take some compost home for their own gardens. This is a free event for the whole family.

## **There is a role for everyone...**

- Help with some non-compost duties
- Come to tour the Community Garden
- Learn how you can start composting at in your own backyard or apartment
