# City Manager's Annual Report

We love  
our history and  
our future

**Santa Clara is well  
positioned for whatever  
lies ahead.**

## *Dear Community,*

When Santa Clara residents gather – whether it's for a fun event or a serious discussion of a community issue – there is always a common denominator: we love Santa Clara. We not only hear these words, we see these feelings in action as residents participate in government, volunteer in the community, and boast to family and friends about the quality of life in the city they have chosen to call home.

In 2019, the City had an ambitious workplan of projects, programs and policies designed to enhance Santa Clara today and protect its future. We have successfully accomplished

many of these goals and others are in progress. We do not take lightly the trust and confidence of our residents in preserving in Santa Clara the assets that the community loves. Plus, chamberofcommerce.org gave Santa Clara top honors as California's most livable city for 2019.

We start 2020 with a distinctive honor. Santa Clara will be featured in the January issue of *Business View Magazine* for "Best Practices of Cities and City Management." This publication has 850,000 subscribers in the North America continent who will read about the great work we have achieved.

### **We Are Thriving**

Santa Clara continues to grow and thrive. Unanimously supported by the Downtown Task Force, the City Council approved a consultant contract to develop the Downtown Specific Plan. The process is also starting to develop a Civic Center Master Plan to address space and capacity needs. Additionally, construction started in 2019 on Related Santa Clara, the large-scale, mixed use development across from Levi's® Stadium that will offer new residential, shopping, dining, entertainment, public park, and job opportunities to the Santa Clara community.

## Additional Highlights of 2019

- The Santa Clara Fire Department achieved full accreditation – a recognition granted only 10% of fire departments in the U.S.
- Several neighborhood parks received upgrades. The new Reed & Grant Streets Sports Park, a facility eagerly awaited by the community, will open in early 2020.
- New communication tools were put into place to increase transparency and make it easier for the public to access information, including NextRequest, a public records online portal.
- A new management team was selected for the Santa Clara Convention Center.
- A comprehensive update to the City Zoning Code was started in 2019. It is the first significant reorganization of its content and format in 50 years.
- Santa Clara ranked #1 best city to live in California by ChamberofCommerce.org.
- Santa Clara named 6th safest city in America by SmartAsset.

A more detailed summary of accomplishments can be downloaded from the City website, [SantaClaraCA.gov](http://SantaClaraCA.gov).

## Solid Financial Foundation

At the top of the list of accomplishments is our significantly improved fiscal outlook. Two years ago, the City forecasted a \$78 million budget deficit for Fiscal Years 2018 through 2021. Through meticulous diligence in reviewing all funds, revenue assumptions and expenditure controls, and validating each line item in the budget, we were able to eliminate the budget deficit, save hundreds of City jobs, and preserve high quality service levels. In addition, we have built our reserves to an unprecedented level. Key reserves now total just over \$340 million, a level never experienced in Santa Clara history.

## Supporting Our Workforce

A high-performing organization relies on its people, and we have given our workforce special consideration as our most valuable resource. In 2019, we conducted the first employee survey to better understand their opinions, perspectives and concerns. The results were gratifying. More than 90% felt that their job supports the City's overall goals and priorities and that they have ample opportunities to provide input when major decisions are made. A vast majority of survey respondents also believe that the City has a positive relationship with its residents and that it plays an important role in the community.

We will continue to track through data-driven research how our residents and employees feel about the decisions and actions of the Council and City administration. It is important to us to know we are on the right track and reflect the values and priorities of those we serve.

The City has under consideration nearly 30,000 housing units at different stages of review and/or construction, including several hundred that will be affordable.

## Protecting the Environment

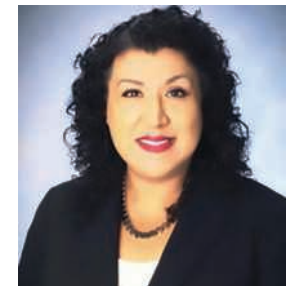

With our eyes on the lives of future generations, the City Council added "sustainability" as a strategic goal. The first ever Sustainability Manager will coordinate citywide efforts to implement the City's Climate Action Plan to keep our environment healthy and safe. During the year it celebrated the 15th anniversary of the highly successful Green Power Program, Silicon Valley Power, the City's municipal energy utility, racked up several more national awards for its record in providing reliable and safe electric service.

During this past year and throughout my tenure as your City Manager, it has been an absolute honor and delight to work with the community, employees, and the City Council to advance the goals and priorities of the City of Santa Clara. A more detailed summary of accomplishments can be downloaded from [SantaClaraCA.gov](http://SantaClaraCA.gov). It is an exciting time for Santa Clara, with so much more to come that builds on our past and embraces our future. The year ahead will be another opportunity for this city to live up to its motto as "The Center of What's Possible."

In community spirit,

Deanna J. Santana  
City Manager

We love  
City staff

Santa Clara employs more than 1,100 individuals who work hard every day to provide municipal services to the community. Santa Clara is one of few cities in the Bay Area to have its own utilities (electric, water, sewer) that offer low rates, reliability and award-winning, outstanding customer service.

We love  
our history

Santa Clara's moniker as The Mission City is just one indication of its rich 168-year history. Historic properties have been preserved, and pioneers who contributed to the growth and development of the city are recognized in park names, memorial plaques and museums such as the Harris-Lass Historic Museum.
