General Business – Items for Discussion

2. Update on the Development the Tourism Improvement District's Subsidy Guidelines.

Joe Eustice and Dan Fenton provided an overview of the draft subsidy strategy and policy for TID review and input. It was proposed that the DMO or Convention Center would submit requests for clients and the TID, DMO or designated subcommittee would provide approvals. It was noted that there should be a not-to-exceed amount and a quick turn around time for decisions (24-48 hours) to be made. The core requirements could include the number of room nights, a review of potential fiscal and economic impacts.

Other considerations to review could include community benefit and potential for repeat business. An example calculation was provided utilizing conservative hotel rates due to the current situation with closures and restrictions. A form template will be created and proposed. It was noted that this strategy should benefit all TID hotels. The proposed guidelines will be shared with the DMO for their input and revisited at the next TID Advisory Board meeting.

City Manager Santana joined the meeting at 8:24 a.m.

5. Discussion with the City Manager on Tourism Improvement District Communication Strategies in Preparation for the Transient Occupancy Tax (TOT) Ballot Measure.

City Manager Santana provided an update on the TOT Ballot Measure. All required documents have been prepared and there will be two informational pieces provided to the community. The two pieces will serve as educational material with facts about the measure. Materials will be released during the second and third week of October. The Police and Fire unions are considering moving forward to obtain political support for the measure.

Chair Hodges confirmed that the TID hotels would support up to 2% and it was discussed that the hotels could communicate their support of the ballot measure as individual hotels or engage in a joint message with the Fire. The City Manager's Office will check with the City Attorney's Office if the DMO is eligible to take a position of support. It was suggested that the hotels provide the City Manager with an update on the market climate and potential issues with the TOT that could be shared with the City Council.

Assistant City Manager Bojorquez and City Manager Santana left the meeting at 8:56 a.m.

3. Update on the Development of Cleaning and Safety Best Practices Guidelines for Tourism Improvement District Hotels.

No report.

4. Additional Input from the Tourism Improvement District Advisory Board on previously discussed Key Performance Indicators. (JLL)

There was no additional input from the Tourism Improvement District (TID) Advisory Board at this time.

6. Discussion on Re-Engaging Civitas Advisors to Assist with TID Conversion Process.

Nancy Thome reported that she will be reaching out to re-engage Civitas. The TID can prepare to re-introduce the TID conversion process to City Council in January with the goal to have a new percentage assessment come into effect July 1, 2021. Civitas would assist with educating Council on the conversion process, updating the management district plan, and assisting with the petition process. Budget for contract services is included in the DMO's approved FY 2020/21 Operating Budget.

7. Discussion and Action on the Tourism Improvement District FY 19/20 Quarter 4 (ending June 30, 2020) Financial Report.

Nancy Thome reported that Q4 revenue was approximately \$125,000 and the total revenue for FY 2019/20 was \$718,616. Annual expenditures were minimal at \$155,716. The TID fund balance is \$1.67 million.

8. Update on the Visit Santa Clara Trademark.

Nancy Thome reported that she contacted Ravinder with the Chamber of Commerce. The Chamber is currently assessing the value of the trademark and have been talking with attorneys and another third party regarding transferring the trademark to the DMO. Ravinder indicated the Chamber will most likely propose two options: 1) Sell the trademark to the DMO (once they have determined the value), or 2) Offer the DMO a licensing agreement for the use of the trademark. Follow-up will take place in two weeks' time.

9. Update on Tourism Improvement District Hotel Re-Openings.

All TID hotels previously closed have re-opened with the exception of the Biltmore, Hilton and the Plaza Suites. There is no update as to when the Hilton will re-open and the Plaza Suites may open in October. There are slow and steady increases in the occupancy rates. Avatar reported that their ownership is currently discussing hotel renovations.

It was reported that 70% of hotel reservations are booked within three days of arrival. Fifty percent of those are same day reservations.

10. Update on Silicon Valley/Santa Clara DMO, Inc.'s CEO recruitment. (JLL)

Dan Fenton reported that there was a favorable response to the third candidate. JLL is in continued discussions with the DMO Board.

11. Review Draft of Convention Center Booking Process. (JLL)

Dan Fenton provided a brief introduction of the proposed Convention Center Booking Process and the need to streamline the process among the DMO, Convention Center and Levy. This agenda item will be discussed in more detail at the next scheduled TID Advisory Board Meeting.

12. Update on the Santa Clara Convention Center Calendar and Strategy for Reopening (Future Revenue Analysis). (Spectra)

Kelly Carr reported the Convention Calendar has been cleared of events for the remainder of the

calendar year. The first event of the new year is January 8, 2021. Currently, Spectra is focusing on capital improvement projects. Spectra also continues to work on a future revenue analysis strategy so as to avoid re-opening the facility if it will incur additional losses. Spectra will be providing City with a proposed operating budget amendment by the end of the week.

13. Santa Clara Convention Center Sales Planning Update.

Kelly Carr reported a sales meeting took place with Spectra, Dan Fenton, Nancy Thome and Levy. Spectra has also provided the City with a short-term sales and marketing plan (30-60-90 day) which addresses the current tourism/event environment. Spectra sales staff will spend 25% of their time on prospecting. Spectra will share sales/prospecting results at the next scheduled TID Advisory Board Meeting.

Santa Clara Convention Center Booking Strategy May 22, 2020

Overview

A primary objective and high priority of the Santa Clara Convention Center (SCCC) is to host multi-day National/Regional Conventions, Conferences, Meetings and Events that will generate the greatest economic impact for the TBID while also generating revenue for the Center. These conventions will bring attendees primarily from out of town and generate a positive impact for the SCCC and Santa Clara businesses.

The following guidelines give priority to Events, (Conventions, Conferences, Meetings, etc.) that will generate the greatest hotel room usage, economic benefit through direct spending as well as revenue for SCCC. These guidelines are general in nature and are intended to serve as a consistent basis for decision making. Consideration of events not conforming to the stated schedule can be made on a group-by-group basis to determine the extent to which they concur with the DMO's and the Convention Center's primary objectives. This approach also lays the groundwork for developing sales and marketing strategies to focus on attracting the highest priority groups to Santa Clara.

Booking Priorities (Weekday and Weekend)

Priority One Weekday: Priority 1 (P1) events would have a minimum peak (highest number of rooms per day) of 900 rooms at hotels located within the Santa Clara TID. These events would typically include conventions and/or trade shows that are regional, national, or international in scope. P1 events may book space at SCCC including all ballrooms at any time. The calendar would essentially be held exclusively for P1 events 18 months and out. Only P1 events will be issued license agreements more than 18 months in advance of the event unless approved by the City of Santa Clara (City), the DMO and Spectra. P1 events are expected to produce significant revenue for SCCC. The target is \$650,000 in overall gross revenue to SCCC.

The calendar would essentially be held exclusively for P1 events 18 months and out. In reference to the criteria established within in each Booking Priority category, DMO and Spectra have discretion to consider the following factors when booking an event. These factors may support an event’s case for flexibility in the booking policy based on recommendation from Spectra’s GM, the DMO and ultimately approval by the City:

- Economic impact on the City of Santa Clara
- Hotel room utilization
- Revenue to SCCC
- Time of year (peak vs. non-peak seasons and what year)
- How short term it is, and does it fill a slow period
- Number of days of use
- Potential for repeat booking

- Applicant's event history and experience
- Compatibility with concurrent facility users
- Community Impact

Events are booked on a first-come, first-serve basis within the criteria established in the Booking Priority categories noted above. Event bookings are not considered "Definite" until both Spectra and the Licensee have executed the license agreement. For P1 and P2 bookings, a signed hotel contract must also be completed.

Gross Revenue Variances – Upgrading Priorities

Events listed as P2, P3 or P4 may be upgraded to a higher priority based on estimated Gross Revenue with a lesser room block commitment to the Center.

Events that are estimated to generate:

- \$1M or more to the Center may be upgraded to P2 and may be booked 13-18 months in advance of the event start date.
- \$750k-\$1M may be upgraded to P3/P4 and may be booked 0-13 months in advance of the event start date.
- \$500k-\$749k may be upgraded to P5 and may be booked 0-12 months in advance of the event start date

Santa Clara TID & DMO Subsidy Policy for SCCC

Overview

Requests for financial support or other supporting resources are a competitive factor in the decision-making process and securing business. Subsidy requests are a common practice in the meetings/convention industry. Subsidies are intended to support a client's ability to have a positive experience while holding an event in Santa Clara.

Application Process

The DMO and SCCC can request financial support on behalf of clients. These requests will be presented to the TID and DMO (or designated committee for expediency) for formal approval. A form has been developed that must be completed to initiate a subsidy request. The form outlines the core requirements including event history, financial impact to the City, competition, revenue potential and economic impact.

Approval Process – Budget Review

Requests will be completed and presented at the TID Advisory Board meeting for approval. Prior to submission of the request, the subsidy budget must be reviewed and validated.

Required Information

The following core data points must be researched and submitted for a subsidy request to be considered:

1. Room Nights
 - a. Three years history (minimum)
2. Fiscal impact on SCCC (or other Santa Clara venues)
 - a. Rental Revenue
 - b. Food and Beverage Revenue
 - c. Other revenue (includes AV and IT)
3. Economic Impact

Additional Considerations

In addition to the core requirements, there is an opportunity to add additional considerations to be reviewed in the approval process. These include:

1. Community Benefit
2. Repeat business potential
3. Competitive landscape
4. Intended use of funds
