POLICE BLOTTER
Week of October 4, 2020

The Police Blotter highlights a partial list of incidents in the city and is distributed on a weekly basis. The Blotter provides the date, time, approximate location, a narrative summary of the incident, case number and the most serious arrest charge.

Meanwhile, the Arrest Log provides a timely, chronological summary of all the arrests made by the Santa Clara Police Department. It includes the name of the suspect(s), date of birth, city in which they reside, arrest date, time, location, case number as well as all the charge(s) associated with the arrest. This information, located on the Santa Clara Police Department's home page (www.scpd.org), is updated daily and serves as the most comprehensive list of arrests made.

Based on the mandatory orders from Santa Clara County Public Health, the City of Santa Clara has implemented many service level changes, limited to essential services. Since the preparation and distribution of a Police Blotter is not an essential service, it will be produced as resources are available.

Driving Under the Influence   Location: Lawrence Expressway and Cabrillo Avenue

A major injury traffic collision was reported on Lawrence Expressway and Cabrillo Avenue.

According to witnesses, the male subject was driving southbound on Lawrence Expressway in the northbound lanes of traffic. The subject collided with several vehicles. Members of the Sunnyvale Department of Public Safety (DPS) were first on scene.

On arrival, members of our Department observed two Sunnyvale DPS officers detaining a subject. The subject was screaming hysterically and physically resisting officers. According to witnesses, following the collision the subject exited his vehicle and began running around the expressway. A driver uninvolved with the collision was attempting to detain the subject when Sunnyvale DPS arrived.

A motorist involved in the collision suffered major injuries and was transported to a local hospital.

The subject displayed objective symptoms of drug intoxication. Due to his behavior, officers were unable to perform the Standardized Field Sobriety Tests or conduct a preliminary alcohol screening test. The subject was transported to a local hospital and was later released on his own recognizance due to medical issues.
