## CHP 180 for all Motorized or Electric Vehicles

California Vehicle Code 670 defines a “vehicle” as a “...device by which any person or property may be propelled, moved, or drawn upon a highway, excepting a device moved exclusively by human power or used exclusively upon stationary rails or tracks.” Per this definition, this would include the following: Motorized Wheelchairs, Motorized Go-Ped, Motorized Skateboard, Motorized Surfboard, Motorized Ride On Toy, Pocket Bikes, & Electric Bikes.

When documenting a stolen motorized or electric Go-Ped, skateboard, bike, etc; fill out all appropriate information on the CHP 180, notify SCPD Records to enter the “vehicle” into SVS, & document the FCN. Couple tips when filling out the CHP 180:

- If the serial number is known, please enter the serial number in the VIN box
- If the serial number is unknown or does not have one, please leave the VIN box blank
- Enter in the year the item was purchased in the “Year” box
- If the year the item was purchased is not known, enter in the current year the report is being taken

When recovering a found motorized or electric Go-Ped, skateboard, bike, etc; fill out the appropriate information on the CHP 180, notify SCPD Records to take the “vehicle” out of SVS & document the FCN. The “vehicle” can be returned to the owner (no evidentiary value) or booked into SCPD Property.
