

Public Outreach Meeting Notice

Project Name: Project Composite – 960 Central Expressway

Project Description: The proposed project includes an architectural review proposal including three development scenarios for an existing Heavy Industrial (MH) zoned parcel occupied by existing industrial warehouse and manufacturing buildings, covered truck loading docks and surface parking. The proposal is to demolish the existing buildings and site improvements to construct three Class “A” speculative buildings totaling up to 890,000 sq.ft. for warehousing and/or data center uses, associated parking, on-site and off-site improvements and landscaping. The proposal includes subdivision of the parcel into three separate parcels and the addition of new ingress and egress driveways along the project frontages.

When: Wednesday – January 19th, 2022 | 6:00 PM – 7:00 PM
