MAY 2022 E-NEWSLETTER

Message from New City Manager Rajeev Batra

Dear Santa Clarans!

Greetings from Rajeev Batra. I started my new role as City Manager for Santa Clara on April 6. You may remember me as I previously served as City Manager from April 2016 through September 2017. While the City searches for a permanent City

Manager, I am sincerely honored and excited to accept this role and help lead Santa Clara through this transitional period with a talented team of City employees. I want to thank the Mayor and City Council for placing their trust in me.

In addition to serving as your City Manager previously, I also served as your City Engineer and Director of Public Works for almost 15 years. In my role as Director of Public Works, I had the honor of working alongside a superb team of Department Directors and City staff, overseeing vital City infrastructure improvements, shaping our environmental programs, and reviewing many of the development projects that make up our cityscape today. I was also part of the team that oversaw the construction of Levi's Stadium that put Santa Clara on the US map.

Now, as we confront the impacts of the COVID-19 pandemic, there is yet more work to do. It is a unique privilege to lead this organization not once but twice. As City Manager, I am focused on guiding the City of Santa Clara back to a better fiscal footing, maintaining our exceptional City services, maintaining and building critical infrastructure such as streets and parks, continuing our mission of sustainable development, and looking to a brighter, positive future in Santa Clara.

Santa Clara is an incredible community, and City staff take great pride in providing essential and exceptional service. The City of Santa Clara is truly the Center of What's Possible.

Rajeev Batra

Santa Clara Watering Restricted to 2 Days Per Week

Due to the ongoing severe drought in Santa Clara County and most of California, City Council passed Resolution 22-9077 on April 19, 2022, restricting outdoor watering to 2 days per week.

- Odd numbered addresses and sites with no addresses may water Monday and Thursday.
- Even numbered addresses may water Tuesday and Friday.

Please report water waste via the MySantaClara mobile app or the City's website: [Report Water Waste Form](#). Visit [SantaClaraCA.gov/SaveOurWater](#) for home and business water conservation strategies.

What's Working Water-Wise

Share your water-saving success with us so that we can spread the word through our community, moving us together toward a drought resilient future. Whether small-scale or large, targeted for kids or just kids at heart: whatever your conservation method, please email your water saving story to Water@SantaClaraCA.gov, subject: "Water Savings." Please keep submissions to 200 words or fewer; photos welcome. Throughout the spring, we will publish select stories in our newsletters (with author permission) to unite our community in striving to save our water for a better tomorrow.

Message from Lisa M. Gillmor Mayor

Dear Santa Clarans,

The month of May symbolizes the spirit of spring followed by the emergence of summer. It's the time of year to relax outside, at a neighborhood park or maybe a backyard barbecue at home, enjoying time with family or connecting with community friends.

There's a lot to look forward to in May. As the weather warms up, so do our activities in Santa Clara. The *Summer Activity Guide* is out, and we are able to offer more opportunities for our SC residents. From Tots to Teens and from Adults to Seniors, there are plenty of Park and Recreation activities to choose from this season. We strive to do our best in offering programs, services, and events that our residents enjoy.

May Is Military Appreciation Month

May is Military Appreciation Month starting with *Silver Star Service Banner Day*, on May 1, an official day to honor wounded, ill, and injured Veterans. May 6 is *Military Spouse Appreciation Day*, recognizing the service and sacrifices of military spouses. May 13 is *Children of Fallen Patriots Day*, a day to honor the children left behind by the brave men and women who gave their

City of Santa Clara receives Arbor Day Foundation's Tree City Recognition and Growth Award

For its commitment to managing, expanding, and preserving our urban forest, the City of Santa Clara has been designated by the Arbor Day Foundation as a Tree City USA community 35 times in a row! In addition, Santa Clara was one of 15 California cities recently recognized with the prestigious Growth Award. This marks the 22-time Santa Clara has received this distinguished award. The Growth Award recognizes major milestones and annual activities that build sustainable community forestry programs. Santa Clara recognizes that a thriving urban forest offers many advantages to the community and that the trees we plant now show our commitment to the environment and future generations.

Pruneridge Avenue Complete Streets Plan

On **Thursday, May 12, 6 to 7:30 p.m.**, the City will host an additional virtual community meeting for the Pruneridge Avenue Complete Streets Plan (Plan) project. The goal of the Plan is to study and identify potential bicycle and pedestrian improvements on a 2.2-mile segment of Pruneridge Avenue from Pomeroy Avenue to Winchester Boulevard. The City will present an additional draft concept developed to minimize congestion impacts and improve walking and bicycling along the corridor. The Plan's four draft concepts include options for parking removal or lane reductions. For more information on the project and the upcoming community meeting, please visit [SantaClaraCA.gov/PruneridgeAvePlan](#) or contact Carol Shariat, Project Manager, at PruneridgeAvePlan@AltaGO.com or at 408-320-7060.

lives while defending our country. May 21 is *Armed Forces Day*, dedicated to paying tribute to the men and women currently in the U.S. Armed Forces. And May 30 is *Memorial Day*, a time when we honor the men and women who died while valiantly serving in the military.

May is for Mothers Day

One of my most favorite holidays of the year is Mother's Day. Whether you're a mother, mother-in-law, grandmother, aunt, a mother figure, or if your child is a fur baby, this day is for you.

Some fun facts about Mother's Day:

- More phone calls are made on Mother's Day than any other day of the year, causing phone usage to go up by as much as 37%.
- Carnations remain the official flower of Mother's Day in the United States
- Mother's Day is the busiest day of the year for restaurants in America, with brunch being the most popular meal.

As author Lance Conrad reminds us with his famous quote:

"I can imagine no heroism greater than motherhood." Please take the time to recognize the Mother or Mother figures in your life.

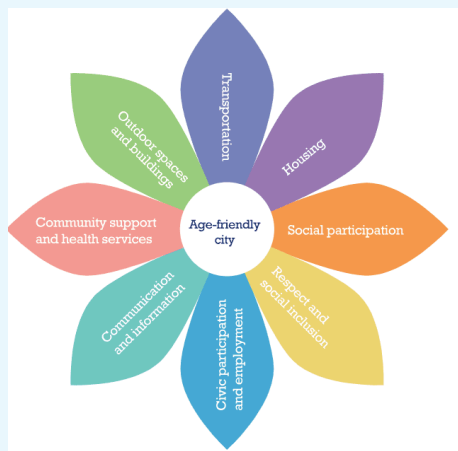

Be Strong – Live Long – Health And Wellness Fair

When Santa Clara was recognized by the World Health Organization (WHO) as a member of the Global Network of Age-Friendly Cities and Communities, our Senior Advisory Commission led the way in helping to enable people at all stages of life to actively participate in community activities and help treat everyone with respect, regardless of their age.

"Be Strong – Live Long" Health and Wellness Fair was created to celebrate and support older adults who are working to improve their own health and who are also caring for aging family members.

Please join me on Friday, May 20 from 10am-1pm at the Santa Clara Senior Center and Fremont Park (1303 Fremont Street, Santa Clara, CA 95050) where you can visit with more than 50 exhibitors and find the resources you are looking for to make your life or the life of a senior happier and healthier.

Learn More About Santa Clara – Age Friendly City On Mayor@Noon

Please join me and my special guest, Grant L. McCauley, Chair of our Senior Advisory Commission and Chair of the "Be Strong – Live Long" Health and Wellness Fair. Grant will share the Commission's vision to make Santa Clara a great place to live and grow old in. He will also give us a sneak preview of the 6th Annual Health and Wellness Fair. Tune in to Mayor@Noon on Facebook Live May 13 @Noon.

If you happen miss the timeslot, don't worry, the Mayor@Noon video library is easily accessible at any time at [SantaClaraCA.gov/Mayor@Noon](https://www.santacleara.gov/Mayor@Noon).

In case you missed the Mayor@Noon Earth Day program with Michelle Templeton, Sustainability Manager for the City of Santa Clara, check it out on the video library link above. Michelle provided insight on all the work the City is doing to go greener, reduce greenhouse gasses and protect our climate.

She shared some excellent tips on how we can get involved as individuals and as a community for a more sustainable Santa Clara. She also mentioned numerous rebates our residents and businesses can take advantage of now. So, catch Michelle on April's Mayor@Noon!

Spring Clean With Santa Clara's Clean-Up Campaign

Santa Clara's Annual Clean-up Campaign is an opportunity for most of our residents to set out items that cannot be easily dumped in our weekly garbage, clean green and recycling bins. *Reduce, Reuse and Recycle* is a theme for our clean-up weeks. Many of the items that are placed out on the curb may be quickly picked up by neighbors or others looking for items that are no longer wanted by a resident.

Annually, this is an ideal opportunity to keep de-clutter your household and at the same time give someone else the opportunity to benefit from what you no longer need. Visit [SantaClaraCA.gov/Cleanup](https://www.SantaClaraCA.gov/Cleanup) for more information.

Please check to see if any of your neighbors may need assistance in placing out materials for the Clean-up. The City may look a little "trashy" during this month, but the end result is well worth the temporary blight.

Open To The Community – Muslim Community Association

The Muslim Community Association (MCA) held their annual Open House during the month of Ramadan. The evening included a short informative talk, dinner, and a tour of the Mosque with over 500 people in attendance.

During the pandemic, the MCA was extremely generous to the community through food distribution, helping to test and vaccinate community members, and continuing to conduct outreach to others, making sure that people were not alone and always cared for.

MCA has been a significant part of the Santa Clara community for more than 40 years and have been recognized by their contributions, rich cultural heritage, and wide diversity. Thank you to the MCA for opening their doors to all in the community. *Ramadan Mubarak!*

Happy Cinco De Mayo

Cinco de Mayo is a celebration of Mexican American culture and is a special holiday recognized in parts of Mexico and the United States in honor of a military victory in 1862 over the French forces of Napoleon III. The day is celebrated around the country with parades, parties, and speeches, plus great food and drink. It's a day that encourages pride in Mexican heritage and culture.

I want to wish everyone in Santa Clara "*Feliz Cinco de Mayo*"

In closing, a big thank you to everyone who was willing to lend a hand and help others during the pandemic. Our community was able to navigate through the tough times, due to the volunteer help and support of the many dedicated Santa Clarans. Thank you, again!

Now, this month, take time to appreciate your friends, neighbors, your mother or mother figure, along with the beautiful diversity and culture we cherish in Santa Clara.

May, a Month to Celebrate.

Mayor Lisa M. Gillmor

SB 9: California HOME Act

Senate Bill 9 (SB 9) was signed into law by Governor Newsom on September 16, 2021 and became effective on January 1, 2022. For projects that meet specific eligibility criteria, SB 9 requires ministerial review and approval of a housing development with no more than two primary dwelling units on a single-family (R1) zoned property, the subdivision of an R1 zoned parcel, or both. Ministerial review of an SB 9 application means a process without discretionary review or hearing, where City staff is limited to ensuring that the proposed development meets all eligibility criteria and applicable objective zoning, subdivision, and design review standards. The Planning Commission and City Council will be considering an amendment to Title 18 of the Santa Clara City Code (Zoning) to add a new chapter implementing the provisions of SB 9 with additional objective zoning and design standards to address parking, urban lot split standards, privacy, and neighborhood compatibility. For additional background on where SB 9 applies, what SB 9 allows, and the ways in which jurisdictions may and may not regulate SB 9 proposals, and for updates on the City's SB 9 implementing ordinance, please visit the [Planning Division's SB 9 page](#).

City of Santa Clara Zoning Code Update

The City's existing code was developed in March 1969 and does not reflect the recently adopted Santa Clara 2010-2035 General Plan. This update will make the code consistent with state and federal law and the direction provided in the 2010-2035 General Plan. A public review [draft of the Zoning Code](#) is available now through June 6, 2022. Study sessions will be held with the City Council in late Spring 2022 and adoption hearings will be held in late Summer 2022.

Lafayette Bike Lane Project and Pedestrian Enhancement Community Meeting

The City is working on two projects on Lafayette Street. The first project is grant funded and is looking at options to install new protected bicycle lanes on Lafayette Street between Laurelwood Road and Reed Street. As part of this project, the City is considering the removal of parking on Lafayette Street between Memorex Drive and Parker Court. There will be a community meeting on **Wednesday, May 4, 6 to 7:30 p.m.** to present the project scope, discuss possible parking removals on Lafayette Street, and gather community input. The second project is related to potential pedestrian improvements at the existing crosswalk on Lafayette Street at Parker Court. The City will also present information about potential improvements at this crosswalk. The public is invited to attend this online community meeting and provide feedback. To participate in the meeting, and for more information, visit [SantaClaraCA.gov/LafayetteProtectedBikeway](#). Questions? Contact Carol Shariat at [CShariat@SantaClaraCA.gov](#) or at 408-615-3024.

PG&E Gas Construction on Lafayette Street and Montague Expressway

Beginning **April 25, 2022 through June 2022**, PG&E will begin work to replace infrastructure and equipment associated with their natural gas line facilities on Lafayette Street and Montague Expressway in Santa Clara. PG&E has indicated that this work should not interrupt gas service. However, residents may occasionally hear some noise and smell natural gas as PG&E empties pipelines in a safe and controlled manner. To facilitate this project, temporary lane closures will occur nightly on southbound Lafayette Street during the coming weeks and into June. During these closure periods, residents may encounter detours along Lafayette Street and will be directed to alternate routes. Hours of work will be Sunday-Friday, 8 p.m. - 6 a.m. For more

National River Cleanup Day is subject to all California Department of Public Health and Santa Clara County Public Health orders and guidelines. Should such guidelines or orders change, the event shall be modified to remain in compliance.

Learn How to Cook with Induction Technology

As a part of our efforts to reducing greenhouse gas emissions, improve the environment, and support energy efficient technologies, Silicon Valley power upgraded Santa Clara Unified School District’s Adult Education cooking

classroom with induction cooktops so that students can experience cooking on this new technology. Induction cooktops are faster and more efficient than cooking with a gas or traditional electric stove. They only heat the cookware, not the surrounding area, and there is no exposed flame, so they’re safer too. You can learn more about induction cooktops and try cooking with the technology yourself at one of several cooking classes offered throughout the year through Santa Clara Adult Education. Silicon Valley Power customers can use the discount code “Induction” to receive \$50 off the regular cost of the class. The [next class](#) will be held on **May 21, 2022** and will teach participants how to make dishes from Northern India. For more information and to register for a class, please visit SantaClaraAdultEd.org/Class. For questions, please call Santa Clara Adult Education at (408) 423-3500.

Annual Cleanup Campaign

Santa Clara's Annual Cleanup Campaign will take place **May 2 to May 27**. On designated weekends, **eligible** residences may set out bulky items that are not routinely collected by weekly solid waste services. Collection crews will be picking up furniture, appliances, e-waste, tires, residential construction debris and yard waste. All concrete, asphalt, dirt, brick, rocks, drywall and/or sawdust **MUST** be set out in a construction debris bulk bag to prevent it from entering the storm drains. Acceptable bags are made of heavy-duty tarp or plastic material made specifically for construction debris and can be no larger than one cubic yard in size. Debris bulk bags can be purchased at a retailer of your choice or at the Municipal Utility Services counter located at 1500 Warburton Ave for \$22.26 each starting **Monday, April 4**. Due to modified hours of operation, visit SantaClaraCA.gov/AccessSantaClara for the most up-to-date counter hours. Failure to use debris bags to contain residential construction/demolition debris is subject to a \$150 fine. A total of one cubic yard of bagged debris will be picked up at no charge. Any additional bagged material will be collected for a fee of \$25 per cubic yard. Household hazardous material is not accepted. To see if you are an eligible residence, set-out instructions and a list of accepted and prohibited materials, visit SantaClaraCA.gov/CleanUp. Questions?
