## Message from Councilmember Kathy Watanabe

Hello District 1 Residents! I hope your summer is going well and you have been able to take advantage of some of the outdoor City events and enjoy family time.

### Have You Had Your Booster Shot?

Covid-19 Boosters! I had my second booster shot of Moderna this past week and despite feeling like a Mack truck hit me the next day, I am glad I got it and want to remind people to get their second booster shot. California and Santa Clara County have done a great job reaching out to all age groups to get vaccinated or boosted. Currently, 68.5% of residents 5+ and older have been boosted! If we are to prevent further outbreaks or variants of Covid-19, it is imperative that we get boosted! I hope that 68.5% will continue to increase!

### Silent Fireworks in Our Future?

As we know, the summer is a popular time to set off fireworks. I recently read an article regarding a city in Italy becoming the first city in the world to switch to SILENT FIREWORKS! It is great news to know this can be done. I hope many more cities will look into this option as I know how many residents get concerned about how their pets, children and people with PTSD are impacted by fireworks. Here is a [link to the article](#) about what Collecchio, Italy has done.

### Dial 988 - a lifeline for help!

On July 16, 2022, a National Suicide & Crisis Lifeline was created. 988 is the new three-digit dialing code connecting people to the existing Suicide & Crisis Lifeline. We know that COVID-19 has had a tremendous impact on many. To know that there is a simple way to get help is so important. I understand that the County of Santa Clara is working on ways to make mental health services and other services more readily available in January 2023. Thank you to all who are leading these efforts!

### FREE Senior Safari at Happy Hollow Zoo

Happy Hollow Park has created a Senior Safari that allows anyone 50+ to enjoy the great park for FREE before the park opens. During the pre-opening time, attendees have access to animal talks, docent led tours and healthy food/drink available for purchase. For more information, you can use this [link](#).

## More Northside Restaurants on The Way

I recently met with the new Property Manager of Rivermark Plaza and was happy to learn that they are actively looking for lease some of the vacant spaces. If you are familiar with the former McDonald's/SmashBurger, a new restaurant, David's Hot Chicken, has signed a lease to take over the space. Everyone is very excited as this is a national chain restaurant that is very popular. For more information, you can go to [daveshotchicken.com](http://daveshotchicken.com).

Speaking of restaurants, Mission Park Marketplace, on the corner of Montague Expressway and Mission College Boulevard, will have two new tenants this Fall: The Habit Grill and Mendocino Farms!

## Grand Jury Taking Applications

Have you ever thought about serving on the Santa Clara County Grand Jury? The Santa Clara County Court is pleased to announce that the annual recruitment for the 2023 Civil Grand Jury is underway.

An informational brochure explaining the role of the Civil Grand Jury, and an application to be considered for service on the 2023 Civil Grand Jury. More information about the Santa Clara County Civil Grand Jury is available on our website, [www.scscourt.org/cgj](http://www.scscourt.org/cgj).

Applications are being accepted until Friday, September 16, 2022. Please do share this information with your networks.

## Wednesday Food Trucks during Summer in Live Oak Park

On Wednesdays from 5:30-8:30 PM (near the cul-de-sac at Marston Lane and Farrell Way) bring a blanket and chairs and enjoy the food trucks. The Rivermark Moms have been organizing this fun and successful summertime community event for several years now. Each Wednesday there are two trucks that serve a variety of dinner options and one dessert food truck! There has been Indian, Mexican and American fare as well as a great favorite - Sam's Chowder House!

## Thank You to All Who Attended Concert in Live Oak Park

Finally! Thank you to everyone who attended the very successful concert by The Hitmen in Live Oak Park on Friday, July 22! The City's Cultural Commission did a great job organizing the band and food trucks. Thank you to all the City Parks & Recreation and City staff who were on hand to set-up and break down the stage, the clean-up crews and the series sponsor: CEFCU! We are hopeful because of the popularity of this location that two concerts can be held at Live Oak Park next summer. Stay tuned!

Stay safe,

## Avenidas Rainbow Collective LGBTQ Seniors Initiative

The understanding of gender has moved beyond the binary. The use of pronouns and gender-neutral language respects the identities of all. Join Thomas Kingery from Avenidas Rainbow Collective at the Senior Center on **Thursday, Aug. 4, 10 - 11 a.m.** for a conversation about the basic terms and concepts related to gender identity and sexual orientation to enhance communication and respect within our older adult community and beyond. The in-person workshop is free, registration is required. Sign up at [SantaClaraCA.gov](https://SantaClaraCA.gov) or call the Senior Center at 408-615-3170.

## Street Dance

We will be dancing in the streets on **Friday, Aug. 5**. Spend your Friday evening in Franklin Square with the Cultural Commission! Enjoy a live performance by Pop Fiction from 7 - 9 p.m. Food and drinks available to purchase. Visit [SantaClaraCA.gov/CulturalCommission](https://SantaClaraCA.gov/CulturalCommission) for more information.

## Composting with Worms Workshop

Composting is nature's way of recycling! Worm composting is a fantastic way to turn fruit and vegetable waste into a nutrient rich soil amendment. The final product can be added to potting soil for house plants or used in the garden. On **August 6**, join a Master Composter to learn how to build, maintain, and troubleshoot a worm bin, 10 a.m. - 12 p.m., at the Everett N. "Eddie" Souza Park located at 2380 Monroe St. Registration is required. Register online at [ucanr.edu/compost](https://ucanr.edu/compost) or call the "Rot Line" at 408-918-4640.

## Community Meeting on Homelessness

The City Homelessness Taskforce is made up of community members and local service providers to help create a plan to reduce homelessness and its impact. Join a community meeting on **Aug. 9, 5:30-7:30 p.m.** to learn about homelessness in Santa Clara and provide input on the services and resources needed. This event will be held over Zoom. [Register for the meeting online](https://SantaClaraCA.gov/HTF) and visit [SantaClaraCA.gov/HTF](https://SantaClaraCA.gov/HTF) for more information.

## Free COVID-19 Testing & Get Vaccinated

## Finance Department Recognized with Budget Presentation Award

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded the Certificate of Achievement for Excellence in Financial Reporting to City of Santa Clara for its annual comprehensive financial report for the fiscal year ended June 30, 2021. The award represents a significant achievement by the City and reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. The City of Santa Clara reached nationally recognized guidelines for effective budget presentation for this prestigious award.

## Chief's Advisory Committee Final Call for Applications

The Santa Clara Police Department understands the importance of community collaboration to serve our residents and business community. The Chief's Advisory Committee is a tool to provide community members with direct access to the Chief of Police about perceived issues related to the department, the formation of strategies and concepts around community policing, increase public awareness and provide neutral, third-party insight that supports a productive and inclusive exchange of ideas to be considered in the department's decision-making process. Future topics include: Resident Permit Parking program return, UAS program launch, NFL Season kick-off, Art & Wine, eScooters, eBicycles. The application deadline is 5 p.m. on Aug. 19. To learn more, visit [SantaClaraCA.gov/ChiefAdvisoryCommittee](https://SantaClaraCA.gov/ChiefAdvisoryCommittee).

## Safety Precautions for Planting/Trimming Trees Near Power Lines

Trees are an important part of the environment but can grow into and around power lines causing power outages. With proper care from property owners, minimize the risk of power outages and safety hazards. If planting a new tree, **call 8-1-1 before you dig** to have any underground utilities located. The service is free and will help avoid digging into underground utilities. Avoid planting new trees near or under power lines. If an existing tree has grown into the power lines, don't attempt to trim it yourself. Contact Silicon Valley Power at 408-615-5640 to have a high voltage tree trimmer remove the branches from the power lines so that the property owner can continue to prune and maintain the tree safely. For information, visit the [Tree Trimming Safety Guidelines on Silicon Valley Power's website](#).

## Driving Under the Influence and Driver's License Checkpoint

The Santa Clara Police Department, in partnership with the California Office of Traffic Safety, will be conducting a Driving Under the Influence and Driver's License Checkpoint on **Friday, Aug. 19, approximately 7 p.m. to 2 a.m.** in the south east part of the city. The goal is to educate motorists about the dangers of impaired driving, and to ensure the safety of our community by removing unlicensed and impaired drivers off our city's streets. During the stop, officers look for signs of alcohol or drug impairment such as the smell of alcohol in the car, bloodshot eyes, smelling marijuana in the car, slurred speech, or even the driver admitting to drinking alcohol. Checkpoints result in citations for issues with vehicle registration, driver's licenses, car insurance, etc. Announcement of the upcoming checkpoint is required to comply with state law requirements. Prior announcement, and the visibility of a sobriety checkpoint taking place, also serve as a powerful deterrent to motorists.

## New Landscape at Mission City Memorial Park

Nearly 38,000 square feet of former turf area now displays drought-tolerant landscaping along Mission City Memorial Park's northwest edge. Amidst new and mature trees, California native and other drought-tolerant plants take root, thanks to a volunteer effort coordinated by Cemetery Operations Manager Phil Orr, Cemetery Worker John Souza, aspiring Eagle Scout Steven Schroeder and his Scout Troop 390, with the help of his Scoutmaster and father, also Steven Schroeder, and their all-female sister Scout Troup 2390. The old section has few headstones. During the cemetery's early years, those who couldn't afford monuments were buried in unmarked graves at a reduced price. Steven chose the large-scale project over others: "It stood out and seemed the most impactful and meaningful." Santa Clara Parks & Recreation Department has applied for a Landscape Conversion Rebate. With 37,790 square feet of irrigated turf approved for the conversion, Parks & Recreation anticipates a Valley Water rebate of about \$75,000, which it plans to put towards additional water conservation projects.

New landscape being installed at Mission City Memorial Park.

The Landscape Conversion Rebate is also available to Santa Clara residents. With cost sharing from the City, residents can receive a rebate of \$3 per square foot, up to \$4,000, to replace irrigated lawn with qualifying, low-water landscapes. Visit [SantaClaraCA.gov/SaveOurWater](https://SantaClaraCA.gov/SaveOurWater) for rebates and water conservation tips during this severe drought.

## Learn About Electric Vehicles with the New "Choose Your EV" Tool!

Electric vehicles (EV) are becoming a standard choice for new and used car buyers. Nearly every major vehicle manufacturer is offering electric options. Silicon Valley Power has tools to understand how much it costs to charge an EV, what models are available and incentives. Find a directory of EV and PHEV models, price, range-per-charge, efficiency, available incentives, and public charging information. Learn about benefits of EV ownership and to calculate savings based on local gas and electric rates. Visit [SiliconValleyPower.com/ChooseYourEV](https://SiliconValleyPower.com/ChooseYourEV) to learn more!

## New Landscape at City Hall

The City announces its pilot City Hall Landscape Conversion Rebate project. Nearly 4,200 square feet of turf has become a drought-tolerant landscape of California native plants. Groundcover Manzanita with accents of Wild Lilac and Giant Wild Rye replace thirsty lawn, providing water-sipping greenery to showcase existing tree roses that flank the entrance walkway from Warburton Avenue. A collaboration of between the City of Santa Clara and Valley Water, this first landscape conversion at City Hall reflects necessary permanent shifts to water conservation.

## Peripatetic Players at Mission Library

The Santa Clara City Library was delighted to have the Peripatetic Players back at the Mission Branch Library for their two-part production, "A Lord of a Ring in a Suitcase." Almost 100 Library patrons of all ages enjoyed this fun filled adaptation of Tolkien's trilogy. Thank you to the Santa Clara City Library Foundation and Friends for their support for this event.

**Library patrons gathered to watch the Peripatetic Players.**

## Office of Traffic Safety Grant

The City was awarded a \$25,000 Office of Traffic Safety Grant from the State. The grant will be used for safe driving, bicycling, and walking behavior education, bicycle trainings and walking courses, and providing bicycle helmets to school age children. The City will initiate these activities in early 2023 as part of the upcoming Safe Routes to School Program. For more information, contact Carol Shariat at [CShariat@SantaClaraCA.gov](mailto:CShariat@SantaClaraCA.gov) or at 408-615-3024.

## Back to School Tips for Getting to and From School Safely

School supply lists include plenty of items that help set students up for success. Going back to school also means families will have different travel patterns and there will be increased traffic. In preparation for the new school year, be sure to keep traffic safety in mind.

1. Budget extra travel time. School areas are congested. Allow more time than is needed to get where you are going
2. Be aware of your speed in school zones. The posted speed limit in school zones is 25 mph
3. Yield to crossing guards and 5th grade safety patrol members. Both are an integral party to a school's traffic plan. Be aware of their presence, listen to instructions and follow traffic safety laws
4. Watch out for hot spots - crosswalks, bike lanes, bus stops and parking lot entrances and exits
5. Don't do anything that will distract you from the road – period!
6. Yield to school buses, and if a bus has a flashing red light, you are legally required to stop and wait for the light to turn off
7. Expect the unexpected. Children can be unpredictable walking, riding a bicycle, crossing streets and "horsing around" a bit on their way to and from school
8. Do not drop off your kids in traffic. For everyone's safety, always pull over or proceed through your schools designated drop off zone and exit on the right side of the vehicle
9. Talk with your kids about getting to and from school safely.
10. Cross streets only at crosswalks, stoplights or intersections, and always look both ways before crossing
11. Use the buddy system and plan your route
12. Wear the proper safety equipment and bright clothing if you plan to scooter or ride a bike

## 988 Crisis Lifeline Launched Nationally

To broaden access to care, a new universal three-digit number has been implemented across the United States. When people call, text, or chat 988, they will be connected to trained counselors that are part of the existing National Suicide Prevention Lifeline network. These trained counselors will listen, understand how their problems are affecting them, provide support, and connect them to resources if necessary. The 988 Lifeline is operational 24/7 and accepts calls, texts and chats from anyone who needs support for a suicidal, mental health and/or substance use crisis.

The current National Suicide Prevention Lifeline phone number (1-800-273-8255) remains available to people in emotional distress or suicidal crisis. 988 is intended to be an alternative to 9-1-1, however if there is an individual is in imminent risk to someone's life that cannot be reduced during a Lifeline call, a crisis counselor may contact a local public safety answer point for emergency first responder assistance. For information, log onto <https://988lifeline.org>.

# National Night Out 2022

On Aug. 2, residents gathered at 43 locations throughout Santa Clara for National Night Out, the annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie. Neighbors knowing neighbors is one of the most effective ways to prevent crime, and this year (more than ever) this event served as a catalyst to connect new and long-time residents. Each gathering was unique, with games, contests, music, food, and more, but two things were consistent – the feeling of being part of an amazing community and lots of giant smiles! Members of the Police Department, Fire Department, City Council, City administrators and Santa Clara Unified School District Trustees enjoyed meeting residents and building connections. Thank you to everyone who made this annual event a success! Together, we can make our community a safer, more caring place to live. Save the date to participate next year on August 1, 2023.
