

# ARE YOU PREPARED

for a power outage?

Whether it is a heat wave, winter storm, or mylar balloon, everyone should be prepared for a power outage.

Powering The Center of What's Possible

## Tips to prepare for a power outage:

- Keep a fully charged battery pack for mobile devices
- Have flashlights and fully-charged batteries available
- Know how to operate your garage door opener manually
- Have a backup plan for those with medical needs
