As a mom, immigrant, and seasoned technology professional, I bring a unique perspective and skill set to the role of city clerk. With over two decades of experience in project management, maintaining user data integrity, and fostering inclusive environments, I am well-equipped to serve our community effectively. I have successfully brought together diverse groups to work towards common goals, whether through my work with schools in the Bay Area or my own professional pursuits working with community colleges across North America. I believe in the power of community and am committed to creating inclusive places where everyone feels like they belong. As your City Clerk, I will be a dedicated advocate for the community, making sure that all voices are heard and appreciated without any bias. I will work to ensure that residents have easy access to essential information and that the operations of the Clerk's office are efficient and responsive to the needs of our community. I look forward to the opportunity of serving our community and enhancing the efficiency and transparency of our local government.
